

Company formation

Bespoke incorporation

We can incorporate a company electronically, tailored to your requirements. A bespoke incorporation is usually formed within 48 hours. When it comes to company formations, our service is both simple and quick to use.

We can arrange to set-up a new UK company, complete in every respect and inclusive of all Companies House fees and registration documents.

Our service includes the high levels of support you would expect from one of the leading regional law firms in the country.

Off-the-shelf company

Do you need a company in a hurry? We can purchase an 'off-the-shelf' company and provide you with the company name and number instantly. If you have a company name in mind this can be changed at the time of purchase but costs an additional £50.

Management company

If you own a flat we can form a management company to enable you and the other residents to manage your freehold.

If you are a developer we can form a management company which enables you to retain control of the company until all the plots are sold.

LLP Formation

A Limited Liability Partnership (**LLP**) shares many of the features of a normal partnership but it also offers reduced personal responsibility for business debts. Unlike members of ordinary partnerships, the LLP itself is responsible for any debts that it runs up, not the individual partners.

A LLP cannot be formed electronically but we can prepare the documentation and arrange for its submission to Companies House. An LLP is usually formed within 7 working days but Companies House provide a same day service for a fee of £50.

Please see below for a list of our current fees. Please note that our fees are subject to review in February of each year.

Company type	Price (all subject to VAT)	Additional Companies House fee
Off-the-shelf company (to include change of name, if at the time of purchase)	£250	£10 (or £50 if same day service is required) for change of name
Bespoke company	£325	£50 if same day service is required
Management company *Dependent on number of classes of shares	From £650	£50 if same day service is required
LLP basic formation (not including members' agreement)	£135	£50 if same day service is required
LLP members' agreement	Varies according to your requirements
